From the creator, director and producer of *nudinit's*, the world's first all-knitted animation, comes this brand-new *naughty* knitting book...

Discover 19 cheeky knitting patterns for accessories and homewares, all inspired by the saucy scenes and bare-bottomed characters from the infamous Woolly Bush village.

- From **tea cozies** that celebrate Bernard's marvelous marrow and Barbara's gorgeous buns, to mischievous **mug cozies** to keep things hot, **garden kneelers** to stop you stiffening up, and even a **wall hanging** featuring a beautiful pair of (blue) tits, you can now bring a little *nudinit's* friskiness into your own home.
- If you need a helping hand, core techniques and information and a guide to key tools and materials can be found at the back of the book.
- Containing plenty of stills from the much-loved animation throughout, this naughty guide will fully immerse you in the world of Woolly Bush.

Whether you want to titivate your tableware, pack your sofas with some well-stuffed cushions, or get down and dirty in the garden, there's something to enjoy getting your hands on...

Sarah Simi is a knitter extraordinaire and the creator, director and producer of nudinit's, the world's first all-knitted animation. She learnt to knit from a young age, mainly Starsky cardigans, Clangers and even an outfit for her guinea pig that it sensibly refused to wear. After working as a stylist, writer and designer for many years, an idea formulated in Sarah's mind for a knitted village full of eccentric British characters. At first the village was more of a traditional affair but after reading an article about free hiking (hiking in the nude) Sarah's villagers lost their clothes and nudinit's was born.

Sarah then collaborated with animator Ed Hartwell to make her first film, 'Tickled Pink', which went on to win a Best Comedy and a Best Animation award, and nudinit's have never looked back. They've now become an online hit with further films, awards and lots of nudinit products to enjoy including knitting pattern books, calendars and cards. Together, Sarah and Ed now run Woolly Vision, a stop-motion animation company in London which specializes in making animation with wool, fabric and felt. Their films are multi-award winning and have been shown at film festivals all around the world.
